Fall 2016

Goodman Campus

Goodman Campus

Microsoft Word Intermediate

Cost: \$25.00

Date: Thursdays, February 23, 2017- March 23, 2017

Time: 6:00pm-8:00pm - 10 hours

Instructor: James Thompson

After completing Word Basics, you are now able to perform the basic tasks to create a variety of documents. You probably noticed as you continued working in Word that there are some tasks that you repeat quite often. This course will show you how you can work more efficiently by automating some tasks and providing methods to maintain consistency between documents. You will create more complex documents that include lists, tables, charts, graphics, and newsletter layouts. You will also merge data into documents to personalize correspondence and address envelopes and labels with the data as well.

Microsoft Excel Basic

Cost: \$25.00

Date: Thursdays, April 6, 2017- May 4, 2017

Time: 6:00pm-8:00pm - 10 hours

Instructor: James Thompson

You will create and edit basic Microsoft Office Excel 2010/2013 worksheets and workbooks. This course is designed for students who desire to gain the necessary skills to create, edit, format, and print basic Microsoft Office Excel 2010/2013 worksheets.

GMAW 30 hours- Workforce

Cost: \$125.00

Dates: Tuesdays/Thursdays
January 24, 2017- February 23, 2017

Time: 6:00pm-9:00pm-30 hours

Instructor: Ben Lewis

GMAW, commonly known as MIG welding, is an extremely versatile process for joining metal. For those looking for a comprehensive training program in MIG welding, this class features a combination of lecture and hands-on practice. Our facility has welding stations with MIG welding machines and a well-ventilated workspace for project layout and class collaboration. This class is designed for beginners and those who want to take their skills to the next level. Upon completion, students will be familiar with safety, equipment, equipment set up and proper welding techniques.
