

Emotional Support Animal Agreement/Consent to Share Residence Form

When a student with a disability has an accommodation for an Emotional Support Animal in campus housing, the College must inform roommates/suitemates that an animal will be living in the residence. All roommates or suitemates of the Owner must sign this agreement acknowledging that the animal will be in the residence with them prior to the arrival of the animal in campus housing. In the event that one or more roommates or suitemates does not approve, the Office of Student Housing will make necessary room changes, if feasible. Students with medical condition(s) that are affected by animals (e.g., respiratory diseases, asthma, severe allergies) are asked to contact the Director of Student Housing if they have a health or safety related concern about exposure to a specific animal. The College will reasonably accommodate individuals with such medical conditions that require accommodation when living in proximity to Emotional Support Animals. The Director of Student Housing will resolve any conflict in a timely manner. Staff members will consider the conflicting needs and/or accommodations of all persons involved.
